

Downtown Dubai gets new nursery

Staff Reporter

DUBAI — With the growing need for quality early education in the emirate, Jumeirah International Nurseries (JINS) is opening its third branch in Downtown Dubai in September. A part of Fortes Education, the nursery will be located at South Ridge overlooking the world's tallest tower, Burj Khalifa.

For students who enrol before September 1, the school is offering a fee waiver of 10 per cent, for the first year. The school is also offering to host the pupil's birthday party at their Zig Zag Zoom Entertainment Centre, which has been created with the sole purpose of children's entertainment.

JINS South Ridge will provide quality active learning programmes and developmental ob-

jectives for children aged six weeks to four years of age. The new branch will house a selection of fully-equipped indoor and outdoor areas to help children develop fully whilst they explore the British early years foundation stage framework.

Facilities include outside areas such as grass zones, a range of climbing apparatus, as well as inside sand and water play areas and physical activity zone.

"JINS nurseries are designed to be a home away from home for children where they can learn, laugh, grow and have fun at the same time," said Samina Khan-yari, general manager of the group.
